INFORMATION & TIPS

- Use markers, crayons, colored pencils, paint, etc.
- You may not glue or attach anything to the page that sticks up because entries must be scanned.
- **Design must be done by the student**, NOT parents or older siblings.
- Do your best to **incorporate the theme** into your design.
- Please make sure that you paper clip this form with your name, grade, and teacher's name on top of your entry. Do not fold the entry.
- Make sure your lettering is very neat and that everything is spelled correctly.
- Bright and vivid colors make better artwork because they scan better.
- Don't put lettering or important design elements too close to the edges of the page (1/4 inch all the way around) as they will get cut off. Your background and other parts of your design should go all the way to the edges, though.
- We will do our best to include as many entries as we can into the yearbook. However, due to space constraints, it is not guaranteed that all entries will be included.
- Entries will be scanned, so no changes may be made after the entries are submitted
